WHO WE ARE

A product engineering company— not a staffing agency.

ScaleDesk Technology partners with startups, high-growth companies, and enterprises to design, build, and scale digital products. We embed engineering teams that deliver architecture, software, AI, and cloud platforms built to survive real production load.

From doorstep mechanic platforms and fintech ledgers to AI compliance pipelines and enterprise SaaS scale-ups, our work spans industries where reliability, security, and measurable outcomes matter.

WHAT WE DO

Engineering products. Accelerating businesses.

Product Engineering**Client delivery**

Active product engagements—architecture, implementation, and production support—for retail, fintech, healthcare, SaaS, and mobility.

Own platforms

LeadForGrow™ CRM, AI Analytics, Revenue Protection, and ScaleDesk HRM™—platforms used by real businesses every day.

OPEN POSITIONS

Internship opportunities — 2026

We are hiring motivated interns for hands-on exposure to product engineering and modern software delivery. This is a learning-first program with real responsibility—not busywork.

Software Engineering Intern**Product Engineering Intern****AI & Automation Intern****Cloud & DevOps Intern****Data Engineering Intern****Full-Stack Development Intern**

Interns join live projects and internal platforms under senior engineer mentorship—standups, code reviews, documentation, and real delivery cycles.

Eligibility criteria

- Currently pursuing B.Tech (any discipline) from a recognized university
- Minimum 65% aggregate in Class 10th (SSC / equivalent)
- Minimum 65% aggregate in Class 12th (HSC / equivalent)
- Minimum 65% CGPA / aggregate in current degree (latest semester)
- Expected graduation: 2026, 2027, or 2028
- Strong communication, ownership, and willingness to learn

WHAT YOU GAIN

Real engineering exposure

Production-minded codebases and client projects—not hypothetical assignments.

Mentorship & growth

Pairing, reviews, and feedback from experienced engineers.

Certificate & evaluation

Completion certificate based on project contribution.

Pre-placement opportunity

Outstanding performers considered for full-time roles.

HOW TO APPLY

Send us your profile

Email your application to our HR team. We review applications on a rolling basis and will reach out to shortlisted candidates.
